## Gualala River in the month of March

Each month we invite you to visit the Gualala River

To walk along and notice what you see and hear. To have a picnic, or make an entry in a nature journal, take a photograph of wildlife or wildflowers. Or you can just enjoy a stroll in nature's splendor.

Each month we will visit a different place at the river. What's your favorite?

[Send us a photo, tell us where & why](#)

March is a good time for wildflowers & birds

### CALLING ALL PARENTS AND TEACHERS

FOGR would love to have school aged children learn more about the Gualala River and its watershed. What animals live there, what trees and wildflowers grow near the river, why our old growth trees are important to the river and all humans. What birds nest and live in the Redwoods. What about a field trip to learn more about the Gualala River? Visit **FOGR's Website** to learn more.

Email **FOGR MONTHLY** how you would like to participate.
